## PROFILE

Detail-oriented Computer Science graduate with dual expertise in data analysis (Python, SQL, Power BI) and AI automation. Experienced in building AI agents and workflow automations using n8n. Skilled at translating business needs into technical solutions and ready to deliver impact in dynamic tech teams.

## SKILLS

**AI Automation** : AI Agents, n8n workflow automation, AI automation tools

**Data Analysis & Visualization** : Power Bi, Python, My SQL, SQL, Data Visualization, Excel

**Other** : JavaScript, HTML, CSS, C/C++, Git, Figma

## TRAININGS

Think NEXT

*Mohali , Punjab , India*

**Data Analyst**

Jan 2025 – June 2025

- Created interactive dashboards and reports in Power BI, integrating multiple data sources .
- Developed and executed complex SQL queries to extract insights from large datasets .
- Collaborated on real-world projects, applying data analysis techniques to solve business problems .

IIT Ropar

*Ropar, India*

**AI/ML Intern**

Aug 2023 – Sep 2023

- Worked on data representation for a Business Project (**Bombus Bees**) .
- Leveraged Computer vision tools such as ROBOFLOW and YOLO V5 to create streamlined workflows .
- Precise Images annotation , Deploy trained model, demonstrate hands-on experience in business focused env.

## PROJECTS

**No-Code AI Agent Implimentation (with n8n)**

- Designed and built multiple AI agents to automate key business processes .
- Integrated external APIs and AI models (like OpenAI and Gemini) to enable smart data processing .
- Created multiple modular workflows and combined them to build a cohesive, fully functional AI Agent capable of complex automation task .

**Ola Cab Database Analysis**

- Developed an interactive Power BI report to analyze Ola Cab operational data , handling over 100,000+ rows of data to focus on key performance metrics such as ride frequency, revenue trends, and customer satisfaction .
- Implemented filters and drill-down features to enhance user experience and deepen data exploration .

## EDUCATION

Baba Farid College of Engineering and Technology

*Bathinda, Punjab, India*

Bachelor of Engineering in Computer Science

2021 – 2025

- Versatile Expert in the **top 5%** of our batch

## ACHIEVEMENTS

- 1<sup>st</sup> Position in Dev Flash event at Parivartan Techno Culture Fest, CGC Landran.
- Inventor on a patent for a solo traveller and Tour booking system “Strangify”.
- Runner-up in multiple competition/event final rounds with the ideas such as “Stangify” , “SL helpers” , “Best Find”.
